EDUCATION

University of Pennsylvania, Philadelphia, PA, Attended 05/2023-11/2023

Completed an intensive 6-month bootcamp facilitated by UPenn instructors, acquiring critical skills in programming, software development, and website creation. Collaborated on numerous projects, gaining hands-on experience in team-based environments and honing abilities to contribute effectively to complex technical challenges.

Rowan Community College of South Jersey, Mantua Township NJ, Attended 09/2021 - 05/2023

Began an accelerated academic journey with early college enrollment during the final year of high school, pursuing an Associate's degree in Business Administration. Transitioned majors to

Computer Science after one year to align with a growing interest in technological innovation and software development, setting the stage for a career in the rapidly advancing field of technology.

Kingsway Regional High School, Woolwich Township NJ, Graduated 06/22

Graduated with a robust commitment to the arts, exemplified by a five-year tenure in the Marching Band, contributing to multiple championship victories through dedicated teamwork and disciplined practice. Actively engaged in the foundation and growth of the Entrepreneurship Club, delivering numerous speeches on emerging trends in technology and fostering a spirit of innovation among peers by providing presentations into entrepreneurial ventures.

EXPERIENCE

The Tides Condominium, Cape May, NJ, 06/2020-Present

Delivered high-quality customer service by actively engaging in labor-intensive tasks, ensuring customer satisfaction through attentive interaction and thoughtful accommodations to meet diverse client needs.
